

**School Name:** Eastern Virginia Medical School

**Location:** Norfolk, VA

**Public** \_\_\_\_\_ **Private** \_\_\_X\_\_\_

**Mission statement:** Eastern Virginia Medical School is an academic health center dedicated to achieving excellence in medical and health professions education, research and patient care. We value creating and fostering a diverse and cohesive faculty, professional staff and student body as the surest way to achieve our mission. Adhering to the highest ethical standards, we will strive to improve the health of our community and to be recognized as a national center of intellectual and clinical strength in medicine and Health Professions. Our commitment to ensuring institutional effectiveness is demonstrated by the continuous assessment processes we use to improve program performance and student learning outcomes.

**Prerequisite courses (required):**

- 2 semesters biology with lab
- 2 semesters general chemistry with lab
- 2 semesters organic chemistry with lab
- 2 semesters physics with lab

[https://www.evms.edu/education/medical\\_programs/doctor\\_of\\_medicine/admissions\\_criteria/](https://www.evms.edu/education/medical_programs/doctor_of_medicine/admissions_criteria/)

**Recommended:**

- 1 semester biochemistry

**Deadline for primary application:** November 1

**Deadline for secondary application:** December 31

**Secondary cost:** \$100

**Secondary questions:**

2000-character limit for each response

- Briefly describe your exposure to medicine. (2000 characters)
- What do you think you will like best about being a physician? (2000 characters)
- What do you think you will like the least about being a physician? (2000 characters)
- Describe yourself and your medical career as you see it ten years from now. (2000 characters)
- Please indicate your reasons for applying to EVMS. (2000 characters)

**Recommendation letter requirements:**

- 3 required, 2 from natural and physical science faculty (which includes neuroscience but not math), and 1 from non-science faculty

**School Name:** Edward Via College of Osteopathic Medicine (VCOM)

**Location:** Blacksburg, VA

**Public** \_\_\_\_\_ **Private**  X

**Mission statement:** The mission of the Edward Via College of Osteopathic Medicine (VCOM) is to prepare globally minded, community-focused physicians to meet the needs of rural and medically underserved populations and promote research to improve human health. VCOM faculty, staff, and students are committed to the mission as can be seen in the many service-based learning experiences, Appalachian and Delta region outreach programs, and international outreach.

**Prerequisite courses (required):**

- 1 semester biology with lab
- 2 semesters physics with lab
- 2 semesters general chemistry with lab
- 2 semesters organic chemistry with lab
- 2 semesters English/composition
- 2 semesters 200+ level biomedical science courses (could include anatomy & physiology, biochemistry, immunology, microbiology, virology, genetics)

<https://www.vcom.edu/admissions/applying/requirements>

**Recommended:**

**Deadline for primary application:** March 1

**Deadline for secondary application:** Rolling

**Secondary cost:** \$50

**Secondary questions:**

500-word limit on each response

- Describe the top three reasons you have chosen osteopathic medicine as your professional choice in becoming a physician (Please use your own description and not one that widely describes the profession).
- Professionalism and the ability to gain respect in the community in which you live is of utmost importance as you embark upon a career as a physician. What three professional qualities do you feel a Student Doctor must be able to demonstrate as he/or she makes the transition into the study and practice of medicine. How will you demonstrate those qualities as a medical student at VCOM?
- Please describe a volunteer or service activity that played a large part in your decision to become a physician.

**School Name:** Liberty University College of Osteopathic Medicine (LUCOM)

**Location:** Lynchburg, VA

**Public** \_\_\_\_\_ **Private**  X

**Mission statement:** Liberty University College of Osteopathic Medicine (LUCOM) exists to educate osteopathic physicians in a Christian environment. LUCOM prepares physicians who dedicate themselves to excellence in osteopathic medicine through service toward their fellow man, lifelong learning, and the advancement of medical knowledge. Instilling the Christian values of integrity and professionalism, LUCOM trains physicians who will provide ethical, compassionate, competent, and patient-centered osteopathic medical care.

**Prerequisite courses (required):**

- 2 semesters biology with lab
- 1 semester physics with lab, (2<sup>nd</sup> semester recommended)
- 2 semesters general chemistry with lab
- 2 semesters organic chemistry with lab
- 1 semester biochemistry
- 2 semesters English
- 1 semester additional science (could include anatomy & physiology, immunology, epidemiology, genetics)

<https://www.liberty.edu/lucom/admissions/requirements/>

**Recommended:**

- Epidemiology
- Genetics
- Human anatomy & physiology
- Immunology
- Behavior sciences
- Math/statistics

**Deadline for primary application:** March 1

**Deadline for secondary application:** March 15

**Secondary cost:** \$50

**Secondary questions:**

500-word limit on each response

- Please describe how your personal faith, beliefs, or values will allow you to contribute to LUCOM's mission, goals and values to develop Christ-centered servant leaders for the osteopathic medical profession.
- Please describe your personal motivation to practice osteopathic medicine.

**Recommendation letter requirements:**

- 3 required; 1 from science faculty, 1 from physician (MD or DO), 1 from someone familiar with your personal, educational, and/or professional background such as a pastor, volunteer coordinator, or employer

**Admitted student profile/characteristics:** Not available

**School Name:** Georgetown University School of Medicine

**Location:** Washington, DC

**Public** \_\_\_\_\_ **Private**  X

**Mission statement:** The School of Medicine is heir to the Jesuit traditions of care of the sick and commitment to service and social justice. It embodies the university's dedication to the pursuit of knowledge in service of the community. The Georgetown medical experience is centered in "Cura Personalis" — care for a person's psychological, spiritual, social well-being in addition to their physical well-being. It lays the groundwork for the intellectual and ethical formation of physician-healers committed to the clinically competent care and well-being of their patients and dedicated to the health needs of the underserved in our society. The result is a community of scholars and healers who are challenged to achieve their personal potential; dedicated to healing the individual patient; committed to serving the healthcare needs of the community and advocating for those who have no voice. Georgetown University School of Medicine (GUSoM) seeks applicants who chose to be active Physician healers, scientists and advocates.

**Prerequisite courses (required):**

- 2 semesters biology with lab
- 2 semesters general chemistry with lab
- 2 semesters organic chemistry with lab (or 1 semester organic chemistry and 1 semester biochemistry)
- 2 semesters physics with lab
- 1 semester math

<https://som.georgetown.edu/admissions/degrees-and-admissions/md/guide/>

**Recommended:**

- 1 semester biochemistry

**Deadline for primary application:** November 3

**Deadline for secondary application:** December 15

**Secondary cost:** \$130

**Secondary questions:**

- Why have you chosen to apply to the Georgetown University School of Medicine and how do you think your education at Georgetown will prepare you to become a physician for the future? (1 page, formatted at your discretion)
- The Georgetown University School of Medicine strives to ensure that its students become respectful physicians who embrace all dimensions of caring for the whole person. Please describe how your personal characteristics or life experiences will contribute to the Georgetown University School of Medicine community and bring educational benefits to our student body. (1000 characters)

- Is there any further information that you would like the Committee on Admissions to be aware of when reviewing your file that you were not able to notate in another section of this or the AMCAS Application? (1000 characters)

**Recommendation letter requirements:**

- 2 required
- Mix of academic, clinical, volunteer service recommended
- 5 maximum accepted

**Admitted student profile/characteristics:**

**School Name:** George Washington University of Medicine and Health Sciences

**Location:** Washington, DC

**Public** \_\_\_\_\_ **Private**  X

**Mission statement:** The George Washington University School of Medicine and Health Sciences is dedicated to improving the health of our local, national, and global communities by: Educating a diverse workforce of tomorrow's leaders in medicine, science, and health sciences. Healing through innovative and compassionate care. Advancing biomedical, translational, and health services delivery research with an emphasis on multidisciplinary collaboration. Promoting a culture of excellence through inclusion, service, and advocacy. As a globally recognized academic medical center, GW embraces the challenge of eliminating health disparities and transforming health care to enrich and improve the lives of those we serve.

**Prerequisite courses (required):**

- 2 semesters biology with lab (no AP/IB credit accepted)
- 4 semesters chemistry with lab (general chemistry, organic chemistry)
- 2 semesters physics with lab
- 1 semester math (stats/biostats/calc)

<https://smhs.gwu.edu/academics/md-program/admissions/application-process/minimum-eligibility-recommendations>

**Recommended:**

- Social/behavioral sciences (2-3 classes)
- 2 semesters English

**Deadline for primary application:** November 15

**Deadline for secondary application:** December 15

**Secondary cost:** \$130

**Secondary questions:**

Changes year to year; 2021 prompts:

- Please provide the Admissions Committee with a brief summary of your activities, academics, employment or other occupations to account for full-time activity (approx. 30-40 hours/week) from the point of application through matriculation in 2020. **(750 characters, not including spaces)**
- The MD program includes substantial content in Clinical Public Health (population health, health systems science, health policy, and community health) to prepare GW graduates for an expanded scope of practice required to be successful 21st century physicians. What are your specific interests and experiences related to that aspect of the MD program? **(350 characters, not including spaces)**
- What is your most meaningful clinical experience to date, involving direct patient contact **(350 characters, not including spaces)**?
- What makes you a unique individual? What challenges have you faced? How will these factors help you contribute to the diversity of the student body at GW **(1000 characters, not including spaces)**?

|   |  |  |
|---|--|--|
| <ul style="list-style-type: none"> <li>• What is your specific interest in the MD Program at GW? What opportunities would you take advantage of as a student here? Why <b>(2000 characters, not including spaces)</b>?</li> </ul> |  |  |

**School Name:** Howard University College of Medicine

**Location:** Washington, DC

**Public** \_\_\_\_\_ **Private**  X

**Mission statement:** Howard University College of Medicine provides students of high academic potential with a medical education of exceptional quality and prepares physicians and other health care professionals to serve the underserved. Particular focus is on the education of disadvantaged students for careers in medicine. Special attention is directed to teaching and research activities that address health care disparities.

**Prerequisite courses (required):**

- 2 semesters biology with lab
- 2 semesters general chemistry with lab
- 2 semesters organic chemistry with lab
- 2 semesters physics with lab
- 1 semester biochemistry
- 2 semesters math
- 2 semesters English
- 2 semesters humanities

<http://medicine.howard.edu/admissions/admission-requirements-and-procedures>

**Recommended:**

**Deadline for primary application:** December 15

**Deadline for secondary application:** January 15

**Secondary cost:** \$75

**Secondary questions:**

250-word limit for each response

- After residency, do you plan to practice medicine in an underserved or disadvantaged community?
- Have you worked (volunteer or paid employment) with medically underserved, economically disadvantaged and/or educationally disadvantaged populations?
- Please provide below any additional information you believe is important in evaluating your application (e.g. additional coursework, problems with academic record; disadvantaged, etc.)

Provide brief descriptions if you answer yes to any of the following questions.

- I am now currently working or plan to work in Biomedical or Clinical Research?
- Full or Part-Time in medicine or a medical-related field?
- Full or part-time outside of medicine?
- Volunteering/Community Service?
- I am taking classes full or part-time or plan to enroll.
