

Discover Your Future *with* The GW School of Medicine & Health Sciences

Attend the Biomedical Laboratory Sciences Virtual Open House

On **Thursday, June 6th from 6 - 7:30 PM ET**, join the Biomedical Laboratory Sciences (BLS) Department for our upcoming virtual Open House to learn more about GW's School of Medicine and Health Sciences (SMHS) BLS programs. Application fee waivers are available for attendees.

The biomedical laboratory sciences are a growing field in the healthcare industry. Working alongside physicians, pathologists, and other members of the healthcare team, graduates of our programs are involved in the study of disease causation and diagnosis and are a critical member of the patient care team. The Open House will cover the following BLS programs:

Bachelor of Science in Health Sciences

**Fully online and hybrid programs available*

- Clinical Embryology and Assisted Reproductive Technology (ART)
- *Medical Laboratory Sciences (MLS)
- *Molecular Diagnostic Sciences (MDx)

Post-Baccalaureate Certificate Programs

All programs are fully online

- Blood Banking
- Chemistry
- Hematology
- Microbiology
- Medical Laboratory Sciences
- Molecular Diagnostic Sciences

Masters of Science in Health Sciences

All programs are fully online

- Biomedical Laboratory Science
 - Translational Microbiology
 - Medical Laboratory Sciences
 - Immunohematology & Biotechnology
- Laboratory Medicine
- Molecular Diagnostics
- Clinical Microbiology
- Clinical Laboratory Management (also offered as a Graduate Certificate)
